Subject Index

- Allograft. *See* Grafts; Transplantation; and specific organ
- American Board of Thoracic Surgery notices, 71, 190, 285, 436
- Anastomosis
- ascending aorta-to-pulmonary artery, for cyanotic congenital heart disease (Daicoff et al.), 260
 - graded aortopulmonary, changes in left atrial and systemic arterial pressures and blood flow following (Gazzaniga et al.), 372
 - instrument to facilitate construction of miniature vascular suture lines (Hiebert), HOW TO DO IT, 640
- Aneurysm. *See* Blood vessels, aneurysms
- Angina, unstable, unified diagnostic and surgical approach (Wisoff et al.), 472
- Angiography
- simple technique for duplication and enlargement of frame of cineangiogram (Sethi et al.), HOW TO DO IT, 642
- Aorta. *See* Blood vessels, aorta
- Arrhythmia. *See* Heart, arrhythmia
- Arteries. *See* Blood vessels, arteries
- Atelectasis, refractory, treatment (Bowen et al.), 584
- Atherosclerosis involving internal mammary artery (Frazier et al.), CASE REPORT, 305
- Atresia, bronchial (Montague and Shaw), 337
- Atrium. *See* Heart, atrium
- Biopsy, lung, early, role in diagnosis and treatment of *Pneumocystis carinii* pneumonia (Tyras et al.), 571
- Blood flow. *See* Hemodynamics
- Blood vessels
- aneurysms
 - dissecting aortic (Sethi et al.), COLLECTIVE REVIEW, 201
 - traumatic, of thoracic aorta (Fleming and Green), 91
 - aorta
 - ascending, and aortic root, evaluation of composite graft replacement (Helseth et al.), 138
 - dissecting aortic aneurysms (Sethi et al.), COLLECTIVE REVIEW, 201
 - simplified technique for aortic arch replacement: first-stage right subclavian-to-left carotid artery bypass (Panday et al.), HOW TO DO IT, 186
 - thoracic, traumatic aneurysms of (Fleming and Green), 91
 - arteries
 - aortoiliac dissection due to aortic cannulation (Reinke et al.), CASE REPORT, 295
 - atherosclerosis involving internal mammary artery (Frazier et al.), CASE REPORT, 305
 - internal mammary artery bypass graft (Kay et al.), 269
 - simplified technique for aortic arch replacement: first-stage right subclavian-to-left carotid artery bypass (Panday et al.), HOW TO DO IT, 186
 - surgical therapy for pulmonary artery-right ventricular discontinuity (Behrendt et al.), 122
 - thoracic aortic dissection following cannulation for perfusion (Williams et al.), CASE REPORT, 300
 - complications following homograft replacement of right ventricular outflow tract (Kaplan et al.), 250
- Bronchus
- bronchial atresia (Montague and Shaw), 337
- Cancer. *See* Tumors
- Cannula
- aortoiliac dissection due to aortic cannulation (Reinke et al.), CASE REPORT, 295
 - cannulation through left atrial appendage facilitates Mustard's operation for transposition of the great arteries (McKneally et al.), 462
 - thoracic aortic dissection following cannulation for perfusion (Williams et al.), CASE REPORT, 300
- Carcinoma. *See* Tumors
- Cardiopulmonary bypass
- comparative study with nonblood and blood prime (Verska et al.), 72
 - emboli (debris) produced by bubble oxygenators, removal by filtration (Page et al.), 164
 - Harvey H-200 disposable blood oxygenator (Page et al.), 364
 - hemotensimetry, new technique for study of hemostasis in open-heart surgery (Altshuler et al.), 516
 - tri-F titer for rapid estimation of plasma fibrinogen and detection of fibrinolysis, fibrin(ogen) split products, and heparin (Lambert et al.), 357
- Chemotherapy for adenocarcinoma and alveolar cell carcinoma of the lung (Faulkner et al.), 578

July issue, pp. 1-104; August issue, pp. 105-218; September issue, pp. 219-326; October issue, pp. 327-436; November issue, pp. 437-548; December issue, pp. 549-658.

Chest wall. *See* Thorax

Coagulation

hemotensimetry, new technique for study of hemostasis in open-heart surgery (Altshuler et al.), 516

tri-F titer for rapid estimation of plasma-fibrinogen and detection of fibrinolysis, fibrin(ogen) split products, and heparin (Lambert et al.), 357

Collective and current reviews

dissecting aortic aneurysms (Sethi et al.), 201
palliative intubation in management of esophageal carcinoma (Girardet et al.), 417

spectrum of pulmonary sequestration (Sade et al.), 644

Congenital heart disease. *See* Heart, congenital heart disease

Correspondence

reply to Results of aortic valve replacement with and without coronary artery perfusion, by Lee and Millan (Robicsek), 541; defense of (Lee), 541

reply to Steroid therapy for tracheal stenosis in children, by Othersen (Bonchek and Schleuning), 322

Dissection. *See* Blood vessels, aneurysms

Editorials

diffuse esophageal spasm (Ferguson), 431
mediastinoscopy in management of carcinoma of the lung (Sealy), 433

operative treatment of hypertrophic sub-aortic stenosis (Morrow), 539

public accountability, the name of the game (Liddle), 316

transposition of the great arteries (Mustard), 216

use of continuous ventilatory support in cardiac surgical patients (Nealon), 314

Embolism

coronary, following mitral valve replacement (Attai et al.), CASE REPORT, 191

emboli (debris) produced by bubble oxygenators, removal by filtration (Page et al.), 164

presidential address 1974: thromboembolism on mitral valve prosthesis (Kay), 110

Endomyocardial fibrosis. *See* Heart, myocardium

Esophagus

diffuse esophageal spasm (Ferguson), EDITORIAL, 431

palliative intubation in management of esophageal carcinoma (Girardet et al.), COLLECTIVE REVIEW, 417

primary disordered motor activity (diffuse spasm) of (Henderson et al.), 327

right thoracic approach for cancer of middle third (Belsey and Hiebert), 1

Extracorporeal circulation. *See* Cardiopulmonary bypass

Fibrosis, endomyocardial (Lepley et al.), CASE REPORT, 626

Grafts. *See also specific organ*

complications following homograft replacement of right ventricular outflow tract (Kaplan et al.), 250

internal mammary artery bypass (Kay et al.), 269

Heart

arrhythmia

avoiding postoperative dysrhythmias and venous obstruction following Mustard's operation (Schraut et al.), 142

ventricular irritability associated with use of naloxone hydrochloride (Michaelis et al.), 608

atrium, operative injuries to, use of cuffed endotracheal tube for repair (Oelert et al.), HOW TO DO IT, 102

congenital heart disease

anatomical relationships in transposition of the great arteries: juxtaposition of atrial appendages (Rosenquist et al.), 456

aorto-right ventricular tunnel (Saylam et al.), CASE REPORT, 634

avoiding postoperative dysrhythmias and venous obstruction following Mustard's operation (Schraut et al.), 142

cannulation through left atrial appendage facilitates Mustard's operation for transposition of great arteries (McKneally et al.), 462

cyanotic, ascending aorto-to-pulmonary artery anastomosis for (Daicoff et al.), 260

double-outlet left ventricle (Conti et al.), CASE REPORT, 402

intracardiac repair of tetralogy of Fallot in patients under 5 years of age (Venugopal and Subramanian), 228

parietal and septal atrioplasty for total correction of anomalous pulmonary venous connection with superior vena cava (Long et al.), 466

right ventricular aberrant muscle bundle (Leach et al.), 615

surgical therapy for pulmonary artery-right ventricular discontinuity (Behrendt et al.), 122

transposition of the great arteries (Mustard), EDITORIAL, 216

evaluation of thermodilution method for measurement of cardiac output after open-heart surgery (Meisner et al.), 504

extracavitary lipoma of (Shumacker and Leshnowar), CASE REPORT, 411

myocardium

endomyocardial fibrosis (Lepley et al.), CASE REPORT, 626

specific immunosuppression in cardiac allografting using antithymocyte sera and soluble transplantation antigen (Thomas et al.), 241

Subject Index

Heart—(continued)

ventricle

- left, rupture from blunt cardiac trauma (Ludington et al.), CASE REPORT, 195
- operative treatment of hypertrophic subaortic stenosis (Morrow), EDITORIAL, 539
- right ventricular aberrant muscle bundle (Leach et al.), 615
- surgical management of idiopathic hypertrophic subaortic stenosis (Schmahl et al.), 437
- surgical therapy for pulmonary artery-right ventricular discontinuity (Behrendt et al.), 122
- ventricular irritability associated with use of naloxone hydrochloride (Michaelis et al.), 608

Heart valves

prosthetic

- autologous fascia lata, viability and surface properties—radioautographic and scanning electron microscopical study (Willén et al.), 597
- Björk-Shiley mitral valve prosthesis, comparison of different orientations (Björk et al.), 379
- coronary embolism following mitral valve replacement (Attai et al.), CASE REPORT, 191
- elimination of periprosthetic leaks as complication of mitral valve replacement (Weldon and Ferguson), 447
- evaluation of composite graft replacement of aortic root and ascending aorta (Helseth et al.), 138
- porcine aortic valve xenograft for mitral valve replacement (Stinson et al.), 391
- presidential address 1974: thromboembolism on mitral valve prosthesis (Kay), 110
- review of pulmonary problems following valve replacement in 100 consecutive patients: case against assisted ventilation (Midell et al.), 219

Hemodynamics

- changes in left atrial and systemic arterial pressures and blood flow following graded aortopulmonary anastomosis (Gazzaniga et al.), 372

Hemoptysis, massive, operative treatment

(Gourin and Garzon), 52

Hemostasis

- hemotensimetry, new technique for study of hemostasis in open-heart surgery (Altshuler et al.), 516

Homograft. See Grafts

How to do it

- instrument to facilitate construction of miniature vascular suture lines (Hiebert), 640
- placement of sutureless epicardial pacemaker lead by subxiphoid approach (Stewart), 308
- simple technique for duplication and enlargement of frame of cineangiogram (Sethi et al.), 642

- simplified technique for aortic arch replacement: first-stage right subclavian-to-left carotid artery bypass (Panday et al.), 186
- staple closure of atriotomy incision (Arrants and Locklair), 638

- use of cuffed endotracheal tube for repair of operative injuries to atria (Oelert et al.), 102

Hypothermia, surface-induced deep, oxygen utilization during (Mohri et al.), 494

- Immunosuppression in cardiac allografting using antithymocyte sera and soluble transplantation antigen (Thomas et al.), 241

Infectious diseases

- role of early lung biopsy in diagnosis and treatment of *Pneumocystis carinii* pneumonia (Tyras et al.), 571
- surgical salvage in pulmonary tuberculosis (Delarue and Gale), 38

Iron intern (Ray et al.), NOTE, 415

Lung

- adenocarcinoma and alveolar cell carcinoma of, chemotherapy for (Faulkner et al.), 578
- cardiovascular and respiratory manifestations of pulmonary sequestration in childhood (White et al.), 286
- hyperlucent (Wolfe et al.), 172
- mediastinoscopy in management of (Sealy), EDITORIAL, 433
- positive mediastinoscopy (Fosburg et al.), 346
- preoperative evaluation with differential pulmonary function (DeMeester et al.), 61
- respiratory obstruction in newborn associated with increased volume and opacification of hemithorax (Zumbro et al.), 622
- review of pulmonary problems following valve replacement in 100 consecutive patients: case against assisted ventilation (Midell et al.), 219
- role of early biopsy in diagnosis and treatment of *Pneumocystis carinii* pneumonia (Tyras et al.), 571
- spectrum of pulmonary sequestration (Sade et al.), COLLECTIVE REVIEW, 644
- temporary cavitation in high-velocity pulmonary missile injury (Amato et al.), 565
- treatment of refractory atelectasis (Bowen et al.), 584
- use of continuous ventilatory support in cardiac surgical patients (Nealon), EDITORIAL, 314

Materials for surgery

- iron intern (Ray et al.), NOTE, 415

Mediastinum

- mediastinoscopy in management of carcinoma of the lung (Sealy), EDITORIAL, 433
- mediastinoscopy and mediastinal roentgenology, clinical correlation (James and Ellwood), 531
- positive mediastinoscopy (Fosburg et al.), 346

- Microembolism. *See* Embolism
